## Impero Solutions Connect

**Impero****Netop**

At Impero, we're more than just a software company. We come to work each morning knowing that we are creating the best technology solutions designed specifically to keep people, devices and the connections between them safe and effective.

In our digital world, secure connections are fundamental to effective education and a productive workforce. In the classroom, in an office, in a hospital or in any remote environment, our users count on Impero to make millions of swift, secure and seamless connections every day.

Since 2002, Impero has worked with schools and organisations across the globe. **In 2021, Impero acquired Netop, a market-leading classroom management and remote access software company.** Today we work directly with technical teams, schools, MATs, and Fortune 500 companies in more than 90 countries.

Together, we're developing a future where we can all be safe and productive online.

**Connect****Impero Connect****Connect With Confidence To Any Device, Platform Or Network****Strengthening Any Business With Extra-Secure Remote Support**

Impero Connect provides powerful remote access and KVM control to nearly every platform device, in even the most complex environments. Unmatched security and scalability makes Impero Connect the trusted solution of the world's leading enterprises, including over half of the Fortune 100.

**Download free Trial****Features****Advanced Remote Access Solutions**

Impero Connect enables IT teams to easily support and manage workstations, servers, POS devices, embedded systems, virtual environments, VDI desktops and mobile devices.

## Security & Compliance Ensured

Impero Connect enables access while using end-to-end 256-bit AES encryption, advanced authentication and granular access rights management. Full auditing capabilities help businesses satisfy the toughest compliance standards, including PCIDSS, GDPR, HIPAA, FIPS and ISO 27001.

## Increased Efficiency & Lower Costs

Impero Connect helps drop supports costs, improve issue resolution, and boost customer satisfaction by supporting all devices and users with one consolidated solution. The solution is scalable to any size business, it can be quickly deployed across networks and enables troubleshooting without interrupting end users or critical processes.

## Powerful And Versatile Connectivity

Impero Connect provides borderless connectivity with Impero's web enabled remote access solutions. The solution secures access to devices outside LANs without maintaining open port or VPNs and by encrypting communication tunnels.

## Benefits of Using Impero Connect

- Secure remote control, compliant with industry regulations
- Enterprise-class security architecture
- Broad platform support for end users and devices, including mobile devices and production technology
- Scalable and versatile configuration for complex environments
- Web-enabled access for vendors & mobile employees
- Secures tunneling for access between devices without the need to configure VPNs
- Professional services: expert consultants who can help companies save implementation time, reduce security risk and improve support efficiency
- Greater end-user satisfaction
- Better device uptime

### Cloud

**High Security. Low Cost. Hassle Free.**
